Education

IIT Roorkee, Uttarakhand — *Aug. 2024 – Present*
B.Tech in Electrical Engineering — *CGPA: 8.1/10*

R.P.S. Sr. Sec. School, Haryana — *Apr. 2022 – Mar. 2024*
Class XII (CBSE) — *93.6%*

Experience

Company Name, City, State — *Month 20XX – Month 20XX*
Software Development Intern

- Built **[what]** using [tech stack], resulting in **[X% improvement / Y hours saved]**
- Collaborated with [N] engineers to ship [feature]; delivered within [timeframe]

Organisation Name, City, State — *Month 20XX – Month 20XX*
Research Intern

- Designed [solution] that **[quantified result]**
- Analysed [dataset/system] using [tools]; findings contributed to [paper/product]

Projects

Project Name One — *Month 20XX*
One-line description of what the project does and its purpose

- **Tech Stack:** Language, Framework, Tool, Platform
- Built [core feature] achieving **[key metric – users, latency, accuracy]**

Project Name Two — *Month 20XX*
One-line description of what the project does and its purpose

- **Tech Stack:** Language, Framework, Tool, Platform
- Served **[N users]**; eliminated [problem] by implementing [solution]

Project Name Three — *Month 20XX*
One-line description of what the project does and its purpose

- **Tech Stack:** Language, Framework, Tool, Platform
- Achieved **[key metric]**; presented at [event/competition]

Technical Skills

Languages: C++, Python, SQL , Language D
Frameworks: Framework A, Framework B, Framework C
Developer Tools: Git, Docker, Tool A, Tool B
Cloud / Databases: Database A, Database B, Cloud Platform A

Achievements

National Finalist, Paytm Project AI — *June 2026*

- Designed an "AI-First" mobile payments blueprint for India, recognized among the most innovative solutions.

Reliance Foundation Undergraduate Scholar — *2024*

- Awarded a national merit scholarship by Reliance Foundation out of 100,000+ applicants across India.
